Miigwetch!

On September 11, 2018 Justice Mandamin of the Federal Court approved the Williams Treaties First Nations' request to discontinue the *Alderville et al v Her Majesty the Queen in Right of Canada* against Canada.

Subsequently, Justice Glustein of the Superior Court of Justice for Ontario approved the Williams Treaties First Nations' discontinuance of the *Alderville et al v Her Majesty the Queen in Right of Ontario* action against Ontario before the provincial court. The Settlement Agreement can now be implemented by all Parties!

Thank you to all for your patience and perseverance throughout this process.
